METAL FLASHINGS & TRIMS

All manufactured in house on the latest CNC machinery for accuracy and consistency, used extensively by Coldstore & Cladding contractors to achieve quality cost effective solutions.

We are able to offer a quick turnaround from point of order to meet customer requirements and many standard items are kept in stock for immediate dispatch.

We guarantee to beat any price based on a like for like basis, and in many cases large orders qualify for free delivery!

ANCILLARY/CONSUMEABLE ITEMS

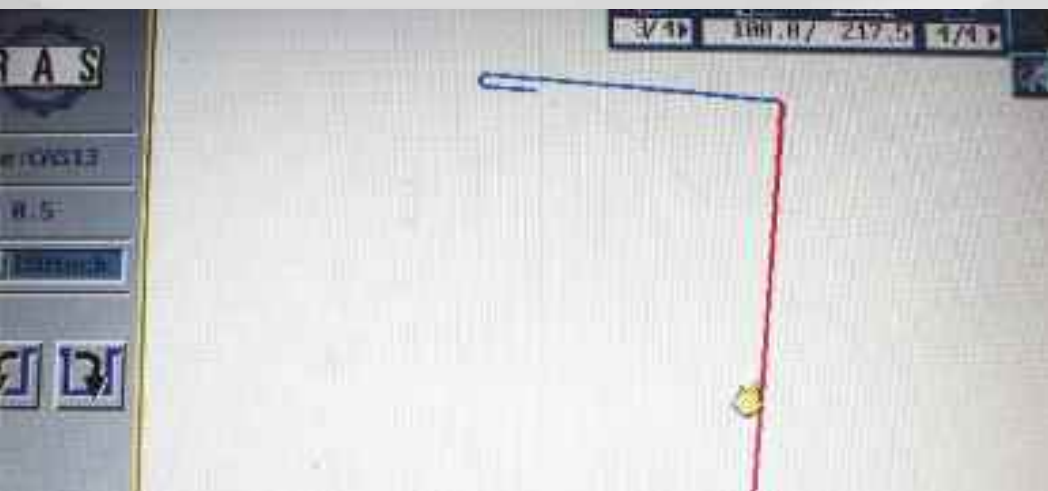

We also stock the following items to compliment your flashing/door order:

Adhesives & tapes
Hammer fixings
Nylon bolts
PVC floor channel
Self drilling screws
Silicone sealant
Spray foam
Stainless & aluminium rivets
Tek screws
Through bolts
Two part aluminium/PVC coving
White rivets
